Steadies the Nerves,

Enriches the Blood. Gives New Vigor. Da. J. L. Avers, Fairfield, Iowa, says:

"Brown's Iron Bitters is the best Iron medicine I have known from 30 years' practice. I have found it specially beneficial in nervous or physical exhaustion, and in all deblicating ailments that bear so heavily on the system. Use it freely in my own family."

Mr. W. F. Brown, 187 Main St., Covington, Ky, says: "I was completely broken down in health and troubled with pains in my back. Brown's Iron Bitters entirely restored me to health."

Genuine has above Trade Mark and crossed red lines on wrapper. Take no other. Made only by SHOWN CHEMICAL CO., BALTIMORE, MD.

THE HOMEOPATHISTS.

Presidential Address Before the Texas emeopathic Medical Association by W. T. Thatcher, M. D.

A Review of the Influences of Homeopathy on the Medical Science and Practice of Our Day.

One who has been called the prince of German poets and philosophers has said,* "Only that is valued as property which is for years and communicated to others, his mind, was appointed to carefully intained the guild with all that is vulgar, raw and egotistical of the trade." that time. Thousands of physicians about equal to our third decimal potency also now brought against him, as he is suspected strongly of being the leader of the trade. These words were uttered at about the same experience. Educated in the Barthalon, in his work on Materia Medperiod when Hahnemann announced to medical schools of the day where delica and Therapeutics, says of arsenic: "It for the federal government. the world a new era in medicine, in the nunciations of homeopathy seem to be has been found a most useful remedy in practical demonstration of the truth of as much a part of the curriculum as the treatment of epidemic cholera " the law of similars, and had the thoughts materia medica or diagnosis, it must pos- This statement is almost immediof their author been especially turned to sess superlative merit to obliterate all ately followed by this unguarded this fact, he could not have more aptly the prejudices from their minds statement: "It is a curious fact first
